

Dear Members,

Vermont Sun has not had an increase in dues for 10 years...and we don't plan to have one for the foreseeable future!

Obviously, our costs have risen, and will continue to rise. We work hard to spend your dues wisely. We are pleased to announce a new "Class Only" membership for \$49 per month, for members who just take classes.

Vermont Sun will always have classes included in the Fitness membership and now the Class Only membership. We will also be offering more "fee classes". These classes will require paying an extra fee and not be included in any membership.

Look forward to new and improved Group Fitness Classes in the future!

To your fitness,
Vermont Sun
